

- We have made banners and signs for several local real estate and auction companies.
- We made car decals for a real estate investment firm and an independent insurance company.
- We made a sign for a local residential development to post near a community pond warning about thin ice.
- We created decals for an internet aftermarket automotive company.

What is our goal?

Our goal is to provide you with the ideal products and services to meet your needs. We also make you this promise: We will deal with you fairly and honestly. When you enlist the services of **MTG Graphics**, you can count on us to honor our word. If, for any reason, we feel that we cannot meet your needs, we will tell you so, right up front.

Who we are

MTG Graphics is a local young-woman owned small business specializing in vinyl graphic signs for commercial or residential use. We are also part of **YENER -- Young Entrepreneurs of the NorthEast Region** -- which is a group of young people dedicated to learning about owning and operating a small business in order to learn life skills that will benefit us in the future.

Got a tough display problem you need to handle? We can handle it for you. From a simple decal for your car to a large rigid sign for your company site, we can deliver the product your are looking for. No matter what your display or advertising needs are, we can find a solution that is just right for you.

What we do

We have many different capabilities that can be used to meet your business needs. Some of these are as follows:

Custom Sign Design

We can take your business or organization logo and create the display that you need for any application. We work with signs of any size, and on substrates ranging from banners to corrugated polypropylene, or even aluminum.

- Decals

Are you involved with a sports team or athletic organization? We can make decals customized for your team, either for the team as a whole or for individual team members. These decals can be applied to your car window, helmets, lockers, or any smooth surface.

- Emergency Signs

Want to make sure emergency vehicles can find your home or business at night? We can make reflective address signs for mounting on your mailbox or home.

Graphic Layout and Design

Got an idea for a logo but don't have the tools to produce it? We can! Bring us your rough sketches for your logo or display and we can create it for you to meet your approval. If you would like something designed to help market your product, let us do it for you. Let us help you to make your business displays and advertising as special and unique as your business is.

What we've done

We have developed a small group of dedicated customers since our inception. Some of the types of businesses that we have worked with are:

- We have made an exterior display sign, vehicle identification numbers, and vehicle logos for a large local construction/land development company.
